## **Installing Dissector Atlas**

- » Dissector Atlas is available for everyone that has access to Sectra Education Portal.
- » You can access Dissector Atlas using a MAC or PC.
- » You need to be a stable internet connection when installing Dissector Atlas.
- 1. Log in to epsectra.com/home. Use your credentials given to you when activating your account.

2. Click on the Dissector Atlas button followed by Download.

Knowledge and passion

3. Wait for the download to finish and then click on Open file.

If you cannot find the Open file button you can find the downloaded file in the local download folder. Double click on the file to open it.

File Home	Share View						
in to Quick Copy access	Paste Paste	Move ut to *	Copy to •	New item ▼ New folder	Properties	Select all Select none	
Clipboard							
City	poord		Organize	New	Open	Select	
← → v ↑	This PC > Dow	loads	Organize	New	Open	Select	~
← → ✓ ↑ ↓ Quick access		loads	Organize	New	Open	Select	v

## Click on Install.

If prompted, approve that the file will be installed on your computer. You might need assistance from the IT-department of your institution if you don't have administrator rights on your computer.

You will see this pop-up when the installation is finished. Click on Close.
